

EAST WEST VETERINARY CARE CENTER

SPECIAL SERVICES FOR OUR CLIENTS!

EMERGENCY AND CRITICAL CARE SERVICES: 24 HOURS/7 DAYS A WEEK! This service is only available for our established clients. This means no more transferring from ER Clinic to your general practitioner. Just ask for details! *(Some restrictions apply)*

LASER SURGICAL SUITE: State of the art Laser Surgical Suite. This reduces the risk of infection and allows for quicker recovery with decreased surgical pain.

ULTRASOUND/ECHOCARDIOGRAMS: Board Certified Ultrasonographer, Dr. Izad, is available in our office for those patients that require advanced diagnostic care.

TRADITIONAL CHINESE VETERINARY MEDICINE (TCVM): Clients are searching for ways to restore health by providing permanent cures for health issues. We are pleased to announce that we offer integrative services.

ACUPUNCTURE: Acupuncture, is part of traditional Chinese Veterinary Medicine (TCVM), and is now available at East West Veterinary Care Center. For small animals, the following are some of the general conditions which may be treated with acupuncture: * Musculoskeletal problems, such as arthritis or vertebral disc pathology * Skin problems, such as lick granuloma * Respiratory problems, such as feline asthma * Gastrointestinal problems,

THERAPEUTIC LASER THERAPY: (Photobiomodulation) - specific wavelengths of light to create therapeutic effects. These effects include improved healing time, pain reduction, increased circulation and decreased swelling. During each painless treatment, laser energy increases circulation, drawing water, oxygen and nutrients to the damaged area.

CHIROPRACTIC CARE: Certified animal chiropractic manipulation available in our office by Dr. Louis Scoma. Animal chiropractic is a manual method used to treat, or help maintain, neurological and musculoskeletal health. The animal chiropractor focuses on abnormal movements of the spine, and joints, and the effects these restrictions can have on the nervous system and the entire body.

CONVENIENT DROP OFF APPOINTMENTS: We have arranged for you to leave your pet here, to allow Dr. Brown to examine your pet as soon as possible. This is a great service for minor emergencies, unavailable appointment times and those on the go! As an extra perk, there is no additional cost for this service.

BOARDING: Did you know that East West Veterinary Care Center offers a very nice boarding facility for your pet? We appreciate the opportunity to care for your pet when you are unable, or when you are out of town. Rest assured, your pet will receive the best care available. Reservations in advance are appreciated - and sometimes necessary!

SKILLED VETERINARY TECHNICAL STAFF: Our veterinary technicians provide excellent medical knowledge. They act as a friend to the client and have genuine concern for your pet. It must be obvious that we believe the staff members are critical to effective healthcare delivery.
